Module 3 GWEP

Group Dialogue: Asking Questions and Gathering Information

Members: Anisa Dela Apriani, Davina Salsabila, Gilang Mubarok, Muhamad Prayoga, Naura Alka Sheima, Rian Putra Lamansah, Shifa Fadillah, Tita Tania.

Round 1: Theory & Preparation

ANISA: Guys, we have 90 minutes for this English task. We need to gather information.
DAVINA: Right. The module says we must use open and closed questions.
GILANG: Closed questions are for yes or no. Open questions need detailed answers.
PRAYOGA: Don't forget indirect questions. They sound more polite for strangers.
NAURA: Yes. Like asking, 'Could you tell me where you work?' instead of 'Where do you work?'
RIAN: We also need to ask for clarification. Like, 'Could you explain what you mean?'
SHIFA: Exactly. This helps us take accurate notes for our group report.
TITA: Let's test it! Let's play the 'Guess the Object' warm-up game first.

Round 2: Warm-Up Game

ANISA: Okay, I am thinking of an object in this room. Start guessing!
DAVINA: Is it something we use every day?
GILANG: Is it bigger than your hand?
PRAYOGA: What is it made of? Plastic or paper?
NAURA: Wait, is it the English module book on your desk?
RIAN: Look at her smile! Naura is correct. That was fun.
SHIFA: Now, let's do the real class survey. We have to ask questions.
TITA: Let's just ask the person next to us. Anisa, ask Davina!

Round 3: Class Survey

ANISA: Ready! Davina, could you tell me what your favorite food is?
DAVINA: I love spicy fried rice. Gilang, what is your favorite color?
GILANG: I like dark blue. Prayoga, what do you usually do on weekends?
PRAYOGA: I usually do coding for my projects. Naura, why did you choose this campus?

NAURA: Because it's close to home. Rian, do you like playing video games?

RIAN: Yes, every night. Shifa, what kind of music do you listen to?

SHIFA: I listen to pop music. Tita, is your birthday in August?

TITA: Yes, exactly! Anisa, could you tell me your hometown?

Round 4: Follow-Up Questions

ANISA: I am from Semarang. Now, let's ask follow-up questions to dig deeper!

DAVINA: Good idea. Gilang, what made you choose dark blue?

GILANG: It makes me feel calm. Prayoga, can you give an example of your coding project?

PRAYOGA: I am building a marketplace for used components. Naura, how do you go to campus?

NAURA: I ride my motorcycle. Rian, what do you do to manage stress before exams?

RIAN: I study alone in a quiet room. Shifa, why is group study distracting?

SHIFA: Because people often go off-topic. Tita, have you celebrated your birthday outside the city?

TITA: Yes, at the beach. Follow-up questions really give us more details!

Round 5: Data Visualization & Reflection

ANISA: Yes, they do. Now, we must make a data visualization.

DAVINA: I wrote everything down. Let's make a Bar Chart.

GILANG: Let's use the favorite color and birthday data for the chart.

PRAYOGA: I can help draw the chart to make it neat.

NAURA: Perfect, Prayoga. Let's reflect now. What was hard during this lesson?

RIAN: I had a hard time pronouncing the English words.

SHIFA: Me too. I also had a hard time listening when people speak fast.

TITA: We just need more practice. Great job today, everyone!
